

Fully Connected Shipping with Pacejet and NetSuite

Pacejet helps NetSuite customers ship billions of dollars' worth of goods throughout North America and around the world. Pacejet is an entirely new kind of multi-carrier shipping software, designed to run shipping operations that support rapid growth and increasing profitability all while leveraging our Fully Connected Shipping platform.

Business Benefits:

- **Reduce shipping costs up to 30%:** Rate shop across 65+ carriers to find the best price for any shipment. Capture and improve accurate billing information while using our carrier options to reduce shipping costs.
- **Faster fulfillment times:** Pacejet provides full visibility into your data, which will help reduce errors, increase shipping time, and help fulfill shipping orders quickly and efficiently.
- **Reduce shipping labor up to 80%:** Automate your workflows and reduce manual steps through improved capabilities like pack and ship, which are accessible either through Pacejet or NetSuite.
- **Built for NetSuite integration:** No other shipping solution integrates more seamlessly with NetSuite than our best-in-class, born-in-the-cloud shipping solution. Including integrations for SuiteCommerce, SuiteCommerce Advanced, and Oracle Warehouse Management Cloud.
